

CLARIFICATION RELATED TO 2014 WATER QUALITY REPORT

By way of clarification in the second paragraph of the Annual Water Quality Report, under the subheading "Sources of Drinking Water," please note that all Bloomfield drinking water comes from the Pequannock Watershed. Although both Bloomfield and Newark belong to the Wanaque North and South Watersheds run by the North Jersey District Water Supply Commission (NJDWSC,) the Township of Bloomfield cannot physically obtain water from the Wanaque Reservoirs.

If you have any questions regarding this clarification, please feel free to call the Bloomfield Engineering Department at 973-680-4130 or via e-mail at plasek@bloomfieldwpnj.com.
