Cervical Health Awareness

Sunday	Monday	Tuesday	Wednesday	Thursday	Friday	Saturday
	1 January is #CervicalCancer Awareness Month! Spread the word and get involved	2	3	4	5 Did you know? #CervicalCancer is one of the most preventable female cancer	6
7	8	9 Each year, nearly 13,000 women are diagnosed with cervical cancer in the United States.	10	11 Help prevent #CervicalCancer by getting regular screening tests	12	13
14	15 Did you know? #HPV is the most common sexually transmitted infection	16	17 Human Papillomavirus (HPV) is found in about 99% of cervical cancers	18	19	20 HPV vaccine protects against the type of HPV that cause about 90% of cervical cancer
21	22	23 #HPV affects men, too. Find out how you can protect yourself and your partner at www.cdc.gov/std/hpv/	24	25 Both boys and girls need the #HPV vaccine at age 11 or 12. Ask your child's doctor about it at your next visit!	26	27
28	29	30	31
