

Township of Bloomfield 2017 Community Health Needs Assessment: Resident Survey

Who should respond to this survey? Adult residents, 18 years or older, who currently live in Bloomfield.

Why is this assessment being done? The Bloomfield Department of Health and Human Services (BDHHS), in partnership with [Center for Research and Evaluation on Education and Human Services \(CREEHS\)](#), are assessing the resources and needs of Bloomfield, as well as the future plans of residents.

What will happen while you are in the assessment? You have been invited to participate in this assessment because you are currently a resident of Bloomfield. If you decide to participate, you will be asked to complete a brief survey about your perceptions of the resources and needs of your community. The survey includes questions about community, communication, health, housing, transportation, personal health and some background information about you.

Time: The survey will take about 20 minutes to complete.

Risks: There are no major risks to participating in this survey. You may get tired. While there is no guarantee of the security of data sent over the Internet, confidentiality will be kept to the degree permitted by the technology used.

Benefits: You may benefit from this assessment because your responses may help to improve the services and resources offered in Bloomfield.

Who will know that you are in this assessment? No one will know that you participated in this survey. We are not collecting IP addresses. You will not be asked to identify yourself by name or organization.
