

## 7 Hour S.T.E.M Crime Scene Class for Students

### 2022 December Class

STEM concepts relating to Forensics and solving Crime Scenes are explored. The lecture, labs and exercises will cover many “CSI” topics including: collecting, analyzing and classifying fingerprints, creating & examining blood spatter patterns, casting footprints, and so much more.... This is a very hands-on and interactive enrichment class for students. Current or former Detectives teach this class.
