Boundary & Topographic Survey

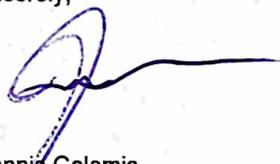

Dear Ms. Waters:

This letter is in reference to the Boundary & Topographic Survey prepared by Neglia Engineering dated April 11, 2022.

To the best of my knowledge, the survey accurately represents the status of the premises and all improvements at the time of filing the Application for Preliminary and Final Major Site Plan Approval, Bulk and Use Variances..

Should you have any questions or concerns, please do not hesitate to contact my office.

Sincerely,

Ioannis Golemis
